Your child(s) monthly tuition rate is based on the classroom that your child is currently enrolled in, not the age of your child.

Placement of a child in each program and advancement to the next program is dependent on the following:

1) the age of the child, 2) the developmental progress of the child and 3) the availability of space in the classrooms

Late/Returned Payment Fees: Payments will be withdrawn from your account on the last Friday of the month for the upcoming month's tuition. If payment is not received by the 1st of the month it will be considered late and there will be a 6% late fee.
